msayantan343@gmail.com • <https://www.linkedin.com/in/sayantan-mondal-backenddeveloper>

Analytical IT professional skilled in Python, Data Science, and GIS analysis, enriched by the discipline of Indian Classical Music (Esraj) and a collaborative spirit fostered through sports.

EDUCATION

Bachelor of Computer Applications - Brainware University 2021 – 2024

I successfully completed my Bachelor of Computer Applications (BCA) from Brainware University in 2024, achieving a commendable CGPA of 8.97.

Information Technology Application - Berachampa Youth Computer Training Centre Jan 2019 - Dec

I completed my Diploma in Information Technology Application in 2019 at Berachampa Youth Computer Training Centre, achieving (A+) grade marks.

PROFESSIONAL EXPERIENCE

Tata Consultancy Services Jan 2025 – Present

Role: GIS Analyst

- Managed, updated, and analyzed geographic datasets, creating accurate maps, reports, and visualizations while ensuring data quality and consistency
- Developed thematic maps, maintained geodatabases, and collaborated with cross-functional teams to deliver GIS solutions for infrastructure, environmental, and land management projects.

PROJECTS & EXTRACURRICULAR

Short-Instant-Service-Aggregator Jan 2024 – Jun

- Developed an online platform to empower small businesses by providing them with a digital marketplace. The platform allows shopkeepers to manage inventory, sell products, and expand their customer base online. It offers users the convenience of shopping from home while accessing a variety of local products. Key features include secure user data protection and enhanced customer-shopkeeper communication.

Role

- Developer, Team Leader.
